

PROSPECTS AND CHALLENGES IN DIGITAL ACTIVISM:

A POST-ELECTION DISCUSSION

Disinformation campaigns waged through social media platforms like Facebook and Tik Tok played a major role in the 2022 Philippine elections. These campaigns will go on and will continue to affect our mindset and opinions. How will they impact the lives and prospects of Philippine diaspora members in Germany and other European countries? What are the challenges and prospects faced by Philippine diaspora communities in coping with and fighting against these disinformation campaigns? What do they need and what can they do to move forward with their advocacies for good governance under the new administration?
